

Data sheet 102001

Universal trolleys for standard parts and assembling Ø28

TEMPUTEC

Accessory trolley Ø28/ Standard part trolley

Workshop trolley with different functional structure. The tool holders and shelves can be adapted to the respective workplace solution on request. In 2 basic variants, the workshop trolley is designed either to hold clamping tools for TEMPUTEC special work tables SST and SWT Ø28 or to provide assembly parts and small parts close to the workplace. The workshop trolleys are equipped with rollers and can therefore be moved flexibly.

Typ-No.: 101002 Accessory trolley Ø28	53 kg
Typ-No.: 102002 Standard part trolley	58 kg
